BARBOURVILLE, KY., FRIDAY, JANUARY 24, 1919

ONE DOLLAR A YEAR IN ADVANCE

ROOSEVELT DAY SUN. DAY, FEBRUARY 9TH.

The honoring of Theodore Roosevelt is a matter that transcends party belief and personal prejudice. He lived greatly for America and that is enough to justify even those who opposed him in mourning his death. With iron courage he performed a major operation on the public mind of his country at a time when public ethics had become dulled and with daring and unflinching dignity he memorably increased the prestige of America abroad. Of no American can it be more truthfully said that his heart was warmed with the flag. For these things alone all Americans who have lived in his time should hold themselves in his debt and should turn aside on the ninth day of February to honor his passing from the National stage.

The program for the Roosevelt Memorial Services in Harboursville, Sunday, February 9th, will be announced in the next issue of the Advocate.

LOCAL MAS MAY BUILD ICE PLANT IN COBBIN

(Cobbins Times)

H. H. Owens, an E. & N. attorney, of Harboursville, and other persons were in our city this week looking for a location to build a first-class and up-to-date ice plant. Owens is president of the Harlan Ice Company, also president of the Harboursville Brick Company, and has connection with the railroad company that would enable him to control the railroad business. He has the brick and knows the ice business and is in shape to put in a first-class plant and run it so as to give first-class service. We certainly need an ice plant and hope that some one will get busy now so as to be able to keep us cool by the time we begin to get hot.

PROPERTY SOLD

W. R. Marsee, of Artemus, purchased the home place of W. H. McDonald on Depot Street last Wednesday. It is not known yet whether Mr. Marsee intends to move to this city at present or not.

To those who know and appreciate artistic photos, we invite your patronage.

J. C. Lay.

IN MEMORY OF A FAITHFUL SOLDIER

Neatly framed and hanging upon the wall of the home of Mr. and Mrs. N. J. Brewer of Ford's Ferry, Ky., is the treasured Official Commission and the Bronze Badge of Honor of the U. S. Boys' Working Reserve of their dead son, William Brewer. When the call came a year ago for all boys in Kentucky between the ages of 16 and 21 to enlist in the great Reserve army to back the boys in the trenches by service on the farms, William Brewer was one of the first to respond. He worked faithfully during the summer on his father's farm and then in the fall when the harvest had been gathered he entered a munitions factory in Michigan. While there he was stricken and died and his body was sent back to the old home in Kentucky for burial. The Bronze Badge of Honor was sent to his parents from the State office of the Reserve in Louisville in memory of a faithful soldier who performed a patriotic service for his country.

Now, although peace has come, there is a call for service in 1919 to help feed the starving millions of Europe. Enrollment week is the week of Jan. 20-26 and all boys in Kentucky between the ages of 16 and 21 are urged to enroll for vacation work on the farms. Boys of these ages who work on the farms of their parents or neighbors are entitled to enroll and receive the rewards of service. Attractive posters have been sent out by the government officials in Washington to all high schools, libraries, postoffices, railroad stations, Y. M. C. A. buildings, government employment offices, etc., advertising Enrollment week.

Chamberlain's Cough Remedy. Before using this preparation for a cough or cold you may wish to know what it has done for others. Mrs. O. Cook, Macon, Ill., writes, "I have found it gives the quickest relief of any cough remedy I have ever used." Mrs. James A. Knott, Chaffee, Mo., says "Chamberlain's Cough Remedy cannot be best for coughs and colds." H. J. Moore, Oval, Pa., says "I have used Chamberlain's Cough Remedy on several occasions when I was suffering with a settled cold upon the chest and it has always brought about a cure."

FOR RENT—Room for 1919. Call on or address.
MR. L. D. TUGGLE, Harboursville, Ky.

CAPT. EDWARD BLAND DISHMAN.

BACK FROM FRANCE

Capt. E. B. Dishman and a Number of Knox County Boys Will Arrive Here Today.

Of the many very patriotic families of Knox County none have contributed more towards the winning of the war than the family of Judge S. B. Dishman. At the beginning Judge Dishman was appointed Chairman of the Local Exemption Board for Knox County, and besides filling this position continuously, has been a very liberal contributor to all charitable work and a liberal subscriber to Liberty Bonds. As soon as war was declared S. B. Dishman, Jr., his youngest son, enlisted and was sent to the Officers' Training School at Ft. Benjamin Harrison, Ind., where he was graduated as a 2nd Lieut. and sent to Camp Custer where he was stationed until discharged. Another son, William M., enlisted in the Navy and was only recently discharged.

Capt. E. B. Dishman, the oldest of the three boys, was appointed captain of Co. M of the old First Kentucky in August, 1916, and was sent to the Mexican frontier where he remained a year. His company was then sent to Ft. Thomas, Ky., and later to Camp Taylor, Ky., from which place they went to Camp Shelby, Miss., leaving there for over-sea late in the summer of last year. With his company he left Brest, France on December 26, arriving at New York on January 8. After being in quarantine at Camp Dix, New Jersey for a short time they were ordered to Camp Sherman, Ohio for demobilization. In his company are many Knox County boys who had volunteered before war was declared with Germany, and who are expected to return with him today.

When the 1st Kentucky Regiment was transferred from Infantry to Artillery, Co. M, which was in command of Capt. Dishman, became Co. 3, 113th Ammunition Train, Horse Section, Capt. Dishman remaining in command throughout the war. Among the Knox County boys with Capt. Dishman were: Lieutenants George Hennebre, Sgts. Ben C. Herndon, Boyd Eays, and Garrett Gambrell, Corp. Walter Hard.

Privates Geo. Baker, Jesse Alford, Lyman Bennett, Louis Bennett, Sam Frey, Stephen Campbell, Wm. Travis, Hiram Davis, Oscar Epperson, Wm. Epperson, Frank Fox, Oliver Harris, Joe Hemphill, Pearl Henson, Frank Hinkle, Abe Jackson, Willie Kelley, Wm. O. Meeks, James P. Melton, Noah Messer, Felix Mills, Scott Parrott, Walter Rickett, Sidney Sizemore, L. Siler, Caleb West, Josh Williams, Wm. Wynt, Sam Jackson, Garrett Alford, Joe Jackson.

OIL IN KNOX COUNTY

Kentucky is one of the leading spots for investors in oil and shows more work than any other Central West field, and is destined to be the most promising new field in the country. Deaf indeed, is he whose ears fail to catch the swift traveling message of prosperity and plenty. For more than fifteen years oil has been found in paying quantities in Knox County, but until the present time the work has all been of an experimental nature, and but few of the old heads is the oil business have given Knox County a serious thought. No deep wells have been drilled and what may lay concealed in the lower oil producing sands found in the Pennsylvania and West Virginia is unknown, only that old mother earth has left her "ear marks" in the hills and valleys of Knox County and that the lower producing sands that have made many millionaires in the fields of Pennsylvania and West Virginia exist here is proven beyond all doubt. It only remains for men with capital and faith to be encouraged to bring Knox County out of the shadow of suspicion into the sun light of prosperity.

It is a strange exhibition of warped mentality that men take pride in boasting of the golden opportunities that came their way and were allowed to pass unused. In the hearts of these same men stir

troubled dreams of generous fortunes to be thrust upon them some time from an unknown "somewhere". A few shrewd, sharp, far-seeing oil operators now see the wonderful possibilities in Knox County and are going to back their faith with large sums of money in starting a number of important test wells in Knox County. This Spring will see more active work done in this field than at any time since the oil excitement of some seventeen years ago when oil was so cheap that only the mammoth gushers would yield profitable returns.

Among those who have faith is a "battle scared hero" in the oil game. "Old Man" Harris, from the hills of far off Nevada, is coming from the far West to help put old Knox on the map as a great oil producing county. "Old Man" Harris and his associates, connected with the Wyoming-Nevada Oil Company are going to drill twenty or more wells in Knox County this Spring and Summer. Another of "The Old Boys" in the game that everybody knows in the Kentucky fields, J. A. McDermott, is going to "do his bit" by drilling three wells as soon as possible. One well on Little Richland and two near Emanuel. Lawrence O. Company, of Georgia, are going to drill a three thousand foot test well near Flat Lick. The Wymond Oil Co. are going to put down four new wells on Little Richland. The C. A. Gent Oil Co. have also arranged

ARMENIAN AND SYRIAN RELIEF GIVEN \$30.12

Mr. Robt. W. Cole, chairman of the Knox County Committee for Armenian and Syrian Relief, forwarded to the National Headquarters at New York on January 17, \$30.12, donated by the different Sunday schools of Harboursville. The donations were divided as follows: M. E. Church, \$19.40; Christian Church, \$12.47; Baptist Church, \$5.83; M. E. Church S. S. \$12.07; Presbyterian Church, \$16.55.

MOONSHINE STILL CAPTURED

On Friday of this week, W. A. Hinkle and others located a moonshiner still on Indian Creek in this county. Upon investigation it was found that Alex Helton was the owner of the still. This is the second time Helton has been caught making liquor at his home. He was taken into custody by the sheriff and brought to Harboursville where he is bound over to the grand jury under \$500 bond.

It has been rumored that there are many others in the county and if this be true it is time they were being taken into custody and the stills destroyed thereby saving the country a great deal of worry over such things.

RED CROSS GRENADES

Libraries for the men overseas will be maintained as long as the Allied troops are in France.

Due to the A. R. C. American prisoners are the best fed and clothed prisoners returning from Germany.

A collection of \$5,020 for the A. R. C. was recently made on board the steamer Santa Anna bound for Peru.

An Antietam Red Cross officer accompanies every shipment of American wounded coming home from England.

WANTED—Man past 30 with horse and buggy to sell Stock Condition Powder in Knox County. Salary \$90 per month. Address 424 South Meridian St., Indianapolis, Indiana.

ed to drill five new wells on their holdings on Little Richland. Lawrence O. Co. expect to drill ten or more wells on their lease near Flat Lick. Winchester, (Ky.) parties are also arranging to drill an important deep test well in Knox County, the location to be made public later. The Petroleum-Exploration Co. are starting a deep test well about three miles southeast of Harboursville, the exact location will be known in a few days. So the outlook in the oil business is more encouraging in the county than it has been for years.

Now a word to the "Tight Wads" and "Gold Worshipers" of the town and community, don't kill the "goose that lays the golden egg". Don't be like "Shylock" and demand your pound of flesh, but encourage the strangers in your midst, and lend a helping hand in their worthy efforts.

SPECIAL ORDER WAR SAVINGS STAMP

The following paragraphs appear in an order issued by the Third Assistant Postmaster General on date of December, 1918.

"Owners to be urged to hold 1918 stamps—the 1918 War Savings Stamps mature on January 1, 1919, but may be paid earlier on Feb. 1, 1919, upon written notice from the owner. Postmasters should, however, refrain from pressing upon owners the importance of a patriotic duty of keeping the 1918 War Savings Stamps to maturity."

"Important—War Savings Stamps of different series not to be affixed to same certificate—War Savings Stamps, series of 1919, shall not be affixed to War Savings Certificates, series of 1918, nor shall War Savings Stamps, series of 1918, be affixed to War Savings Certificates, series of 1919. Such stamps affixed to War Savings Certificates of other series will not add to the value thereof. It is most important that the public shall thoroughly understand this, and postmasters shall warn all purchasers not to affix stamps of the 1919 series to a certificate bearing 1918 stamps, or vice versa.

"Existing Regulations and Instructions Apply to 1919 Stamps. Except as Modified—All regulations and instructions now in force relating to requisitions and accounts for the issuance, registration and payment of, and otherwise pertaining to 1918 War Savings Stamps, and also relating to the remittance and deposit of War Savings Certificates shall apply on and after January 1, 1919, to War Savings Stamps of the 1919 series and the proceeds thereof, except as modified by the foregoing instructions. The existing regulations and instructions concerning Thrift Stamps remain unchanged."

All employees should assist in carrying out the department's wishes in this matter by courteously urging applicants for payment of War Savings Stamps to retain these stamps until 1923, in accordance with their obligation wherever possible. It is not only an economical thing to do, but it is a patriotic duty. Many of those who are now making application for payment of War Savings Stamps would not have done so had the war continued, and the need for the money now is just as great as it ever has been, and the obligation is just as binding and the evidence of patriotism just as lacking where request is made by persons who can afford to retain these stamps.

BUSINESS OPPORTUNITY

Lady or gentleman to represent us in Knox County to handle one of the highest class propositions on the market. It entails a small investment. This proposition offers very large immediate earnings, with an unlimited future. Highest references needed and a personal interview in Indianapolis if possible. Apply Mr. Marquis, 305 Merchants Bank Bldg., Indianapolis, Ind. 12-26

GOING UP

A survey by the Department of
Labor of government salaries in the
city of Washington discloses the
fact that elevator conductors in the
Food Administration were paid as
high as \$1,800 per annum, while
payment for the same service in
other departments ranged as low as
\$480. Other lines of work show
similar discrepancies in compensa-
tions, among the other government
offices.

WOOL TO FLOCK IN

All restrictions have been removed
on the importation of wool, and
now we are having free trade in wool
again. As soon as shipping is avail-
able, there will be immense impor-
tations from Australia, Argentina
and South Africa. For awhile Amer-
ican sheep will be protected by the
unusual conditions arising from the
war, but eventually free trade will
drive American flocks to the meat
block, unless a protective tariff law
shall be enacted before the competi-
tion becomes too keen.

JOHN SHARP BOOSTS HINDY

During Senator Chamberlain's re-
cent speech on the RIGHTS OF SOL-
DIERS, Yazoo's famous orator, John
Sharp, interrupted to pay the follow-
ing glowing tribute to the German
war machine. "There are some-
thing between two and three million
German soldiers still with their
arms, armed now, and fighting one
another, in Berlin and elsewhere,
and under the admirable military
system of the German Em-
pire they can be remobilized within
48 hours." Oh boy! We wonder that
old Hindenburg will swell with pride
when he sees that statement. How
times have changed since we were
"too proud to fight". For a member
of the minority to have made that
statement a few months ago would
have been grounds for disloyalty
charges. Come up for air, Williams,
let's reserve our military compli-
ments for the returning victorious
army.

WATCH US GROW.

Not all the signers of the Decla-
ration of Independence were satis-
fied in their own minds that the Re-
publican form of government they
planned would stand the test of
time.

But they were willing to risk their
necks to take a chance.

Not all of the statesmen since
their day have been satisfied with
the result. Some have declared that
the republics fall short of the desired
mark; that there is too much pol-
itics and too little honest-to-God
looking after the public welfare.

And looking back down the years
since 1776, seeing the progress
America has made; appreciating the
truly wonderful growth and prosper-
ity the country has enjoyed and re-
garding the influence our example
has exercised upon the world at
large, we will have to admit that
the experiment has done pretty well.

For finally it devolved upon
America, the struggling infant of a
century ago, to step in and save the
world from the terror of tyranny and
oppression and serfdom and unpre-
cedented extortion that, rolled into
one, represent Kaiserism.

And incidentally make the world
free for democracy.

Now throughout the length and
breadth of Germany and Russia and
the Balkans the people are fighting
with the old, hard-dying Imperialist
spirit for a greater liberty.

A lusty little flock of prospective
Republicans are poking their heads
above the troubled waters of world
regeneration.

For the Republic is coming into
its own.

And Whoop-ee! Watch us grow!
Uncle Sam didn't get away with-
out getting his fingers just a trifle
sore. It cost him a pretty penny
to get a thoroughbred. In the
war for the common good of the
world we didn't try to pass the buck.
We don't try to pass it in the next
war.

HOW IT ALL IN

When Congress authorized the
President to take over the railroads
it fixed the time of government op-
eration to be for the period of the
war and for 21 months thereafter.
To provide a means of financing
such operation a revolving fund of
\$500,000,000 was set aside for the
use of the Director General in
supplying funds to needy roads for
maintenance and equipment. It
was supposed by the legislators that
that huge sum would be ample to
meet all requirements; in fact it
was anticipated that long before it
was exhausted some of the first
loans made would be coming back
into the Treasury, and the fund
would in truth revolve.

But instead of carrying the roads
through a period of years, as con-
templated by the framers of the leg-
islation, the "revolving" fund is
practically exhausted in the very
first year of Federal administration.
The Director General in his annual
report admits that over \$453,000,
000 of that amount has been ex-
pended already. Not only that but
\$235,000,000 has been taken from
surplus receipts of railroad and ex-
press companies and loaned back to
the roads in addition to the millions
from the revolving fund. Of course
repayments to the Government for
its loans from the revolving fund, if
they are ever made, must come from
surplus earnings, but when those
earnings are diverted from that pur-
pose and turned into further loans
the result is only to sink the roads
deeper into the financial mire.

THE LATEST SLOGAN.

"I'M-THRU-ENZA"

It is said to be an "insidious,
war-is-over" feeling, very weakening
to the sense of individual responsi-
bility for a full personal share in
cleaning up the job of making the
world free. Its permanent cure is
in making the year 1919 a year of
thankful thrills.

According to a number who are
suffering with "I'm-thru-enza", one
has a feeling that he has done all
that has been required of him by
volunteering to do war work as it
came along—just as long as the war
was in progress, but that the mo-
ment peace was declared his respon-
sibility was gone and he needed to do
no more. He is the man who forgot
that our boys have not yet returned
home, that there are millions of
dollars still to be paid for ammuni-
tions and guns and that the people
of this country must raise the mon-
ey to do it. He forgets that all of
our boys must be taken care of until
they are all at work again—that
that responsibility rests on the
people of this country until all busi-
ness is on a "par" basis.

Diametrically opposed to the man
suffering with "I'm-thru-enza" trou-
ble is the man who is in it to stay—
the fan who knows what his respon-
sibility is and just how important it
is that he meet that responsibility.
He is still buying Thrift and Savings
Stamps and he has fulfilled all of
his pledges to the Government. He
is a real American. He is the man
the Government depends on.

OUR EDUCATIONAL SITUATION.

The war is now over, and the
Allies have won a glorious victory
for world freedom and Democracy.
By reason of our situation we Amer-
icans have come into a world po-
sition which distinctly stamps us
with leadership for future posterity
if we rightly fulfill the trust impos-
ed upon us. Every privilege carries
with it a corresponding responsibility.
It now becomes our duty to
prepare and execute this leadership
of humanity and human affairs, so
that Democracy, now firmly estab-
lished in the Governments and lives
of the people, may have the true
and righteous development that will
make for the advancement and hap-
piness of humanity, as well as the
glory of the Creator.

We, as school people, have ren-
dered valuable and efficient service
in all the war activities from the
work of the Y. M. C. A., Red Cross,
Y. W. C. A., Fuel and Food Adminis-
trations, War Savings stamps and
Liberty Loans to the furnishing
from the public schools and colleges
a large majority of the boys who
willingly and cheerfully answered
the call of their country to make
the supreme sacrifice. As school
people we are to be congratulated
upon the part we have played in
this world conflict; but the future
holds for us a still greater and
more important duty. History
abundantly proves that preparing
and mobilizing an army for war is
an easier task than the work of de-
moralizing and reconstruction
after the close of the strife. The
worldwide period of reconstruction
is now upon us. That the schools
are the logical fundamental instru-
ments in the work of reconstruction
is evident to every informed

and thinking man. The period of
trial and tests through which we
have just passed has made clear
several very vital and important
basic facts.

First, that a large per cent. of
the people of Kentucky are lacking
in that elementary, mental and moral
training necessary in order that
they become factors in the develop-
ment of a greater State and a pure
democracy.

Second, that we are lacking in the
knowledge of many of the funda-
mental principles necessary for the
material happiness and development
of our people. I am sure that it
is the duty of all teachers and school
officials of the state to co-operate
with the State Health Department
to so enlighten and train the chil-
dren along the lines of proper nour-
ishment and sanitation as to forever
preclude the possibility of such con-
ditions in the future as we have
had in the past. It is a distressing
fact that the present epidemic of
influenza has cost the lives of more
of our splendid boys just ready to
take upon their shoulders the priv-
ileges and responsibilities of citizen-
ship, than have the bullets of the
fight.

Third, the public school is consid-
ered by all authorities to be the
Cradle of Liberty and Democracy.
Surely it becomes the duty of the
teachers of the State of Kentucky
to so widely and thoroughly com-
prehend the relation of the citizen to
the state that they may teach the
principles of true Republican Gov-
ernment to the rising generation in
such a way as will create an abid-
ing interest in their government and
a realization that no democracy can
be better than the average of its
citizenship.

We teachers and school officials
must learn that before we can take
our rightful position in the forward
march of happening events we must
get the people who are the power
to understand that right education
is the biggest, best and holiest busi-
ness in which the state is engaged;
and that we can not, if rightly ex-
pended and directed, put too much
energy, life and money into the
training of the boys and girls who
are to mold the future destiny of
the nation and of the world; and
that we must bring to our work and
leadership such a degree of ef-
ficiency and wisdom as will com-
mand the respect and co-operation
of the people with whom we are
associated; that the teacher and the
people who administer the business
of education shall be adequately sup-
ported commensurate with the value
of their service to society. All
citizens who have the best interest
of the future citizenship of the
state at heart must begin to get the
electorate of the state to under-
stand that it is a tragedy upon jus-
tice to pay their chauffeur more
than they pay their teacher; to build
a house to shelter their cattle at a
greater expense than a building to
shelter their children during five
days of the week, six or more
months of the year at a cost of 100
per cent less.

In a Republic the people get,
through their Legislatures and Ad-
ministrative Officers, what they
want best. The thing that we
school people are obliged to do by
the very nature of our position is to
bring the people to want the right
thing, and then get it in the right
way. In order to do this we must
begin the training of the child at an
early age in the laws of Govern-
ment and proper living.

I desire to call the attention of the
teachers to Section 24a of the acts
of 1918, School Laws, which de-
clares that "after July 1, 1919 the
subject of Elementary Agriculture
shall be taught in the Common
Schools of this State, except in cities
of the First, Second, Third and
Fourth Classes." We will realize the
fact that this law is a termination
of a long fight to have Agriculture
put into our schools, and it marks
an era in our school system. I
do not think a more important act
has been passed in recent years.
Therefore, I am urging, yes, de-
manding, that the teachers of Knox
County thoroughly prepare them-
selves upon this subject as the law
requires. This law applies to the
rural schools in a very extensive
way. There is no question that if it
be wisely administered and enforced
that it will result in great good to
the country schools. On the other
hand if this law be not wisely admin-
istered and enforced, if Agriculture
be taught unwisely and impractically
in the country schools, the re-
sult will be that the farmers will
become so disgusted with the whole
thing and the law will be repealed.
Or, if it be taught in a bookish way,
or by teachers who do not under-
stand the subject themselves, the
law will become a dead letter. It is
a ruling of the Department of Ed-
ucation of this State that the teach-
er who fails to pass an examination
proficiently on the subject of Agri-

culture will be debarred from teach-
ing in this county and in this state,
no difference what grade of certifi-
cate they may hold upon the other
branches to be taught. I sincerely
hope that those who expect to take
a part in the development of this
county educationally and become
teachers for the present year, will
avail themselves of any, and all
privileges they may have to prepare
themselves upon the subject of
Agriculture.

Vinton's Liberty Loan Boat Will Have Girl Sponsor

MARGARET FISCHER

NOT a very big girl, Margaret. And when she stands up alongside of a great ocean boat she will not look any bigger. But she is going to christen a boat just the same. Vinton County, Ohio, has chosen her—Margaret Fischer of Zaleski, Ohio—to be sponsor for the boat which that county won the right to name. Vinton County won the distinction in the last Liberty Loan campaign when it was the first county in the Cincinnati area to attain its quota in Liberty Bond sales. The county's quota was \$120,000, and it had subscribed that amount at the end of the first day of the drive. Its final subscriptions totaled \$158,850. The boat is being built in one of the big government ship yards and probably will be ready for the launching in Spring.

UNCLE SAM HAS BIG APPETITE NOW FOR SAFE INVESTMENTS

BETWEEN TWENTY AND TWENTY-FIVE MILLION BOND BUYERS TAKE ELEVEN BILLION IN YEAR.

Pessimists who shake their heads and join the chorus of "I dunno" boys at the prospect of floating a Fifth Liberty Loan in April are given food for thought in some figures which have recently been compiled by officials of the Treasury Department at Washington.

The figures give us some idea of just how big an appetite for safe investment this country has attained in its war-year.

Some of the more striking of the figures referred to follow:

A bond market which had less than 300,000 customers two years ago had at the close of 1918 between 20,000,000 and 25,000,000 buyers.

The army of buyers absorbed \$11,163,565,850 worth of bonds in Liberty Bonds alone in 1918.

In the two years of the war—counting the first and second Liberty Loans which were floated in 1917—these bond buyers digested a total of \$16,974,329,350 Liberty Bonds.

A further development which has the optimistic turn is the market which bond dealers find right now for every sort of bonds—municipal, school, industrial, etc. Bond dealers are selling out all legitimate offerings with such celerity that they are continually seeking about the country for new issues to market.

This healthy condition of the bond market is explained, perhaps, by the fact that the entire indebtedness of the United States today amounts to slightly less than 7 per cent of the estimated national wealth. The national debt amounts to only about \$170 per capita.

Some of the national debts are: Great Britain, 44.3 per cent of national wealth or \$360 per capita; France, 41.25 per cent of national wealth or \$296.90 per capita; Austria, \$4.66 per cent of national wealth or \$242.90 per capita; and Germany, 38.7 per cent of national wealth or \$305.90 per capita. These figures on Germany are exclusive of the ninth war loan, accurate returns of which never were had, and in the cases of both Austria and Germany no account is taken of any indemnities which those nations may have to pay.

Japan is the only big nation which has a lower per capita debt in relation to its wealth than the United States.

Liberty Loan Levy

A youth from a town near New Haven Allowed he'd not always be slaving. "I'll work while I'm fit," Said the youth, "Then I'll quit—For I buy bonds with cash that I'm saving."

OVER-EATING Ki-Moids

is the root of nearly all digestive evils. If your digestion is weak or out of order, better eat less and use Ki-Moids.

MADE BY SCOTT & BOWNE MAKERS OF SCOTT'S EMULSION

Quick Cure for Croup. Watch for the first symptom hoarseness and give Chamberlain's Cough Remedy at once. It is prompt and effectual.

STRAYED—A deep red heifer, 2 years old, has been at my house about 8 weeks. No one seems to know who she belongs to. The owner may have possession of her on payment of \$5.00 for the trouble and feed of her while in my possession. She is on the Road Fork of Stinking Creek. MILLARD PRINCE, Hammond Ky.

MARRIAGES

Albert Campbell, 21, to Amanda McVey, 17.

James Patterson, 60, to Ellen Noth, 38.

Fred Fields, 23, to Cronley Bennett, 20.

Orange Carnes, 21, to Rosa Bingham, 20.

BEIMONT CHANGES HANDS

Last Saturday Reed Hughes and James Hinkle purchased the Belmont Restaurant from Charley Capels and took possession immediately. They say they are going to run an up-to-date restaurant and keep their place in a good condition.

Mr. Capels will locate in Corbin, where he has purchased a restaurant near the depot.

THE CIVIC LEAGUE

The Civic League met at the home of Mrs. George W. Tye December 16th with an unusually large attendance considering the fact that so many of the members had sickness in their homes.

The League is preparing for increased activity at the first peep of Spring and want the co-operation of the entire membership.

The next meeting will be held at the home of Mrs. James Archer January 20, and all members are urged to be present.

Cured at a Cost of 25 Cents.

"Eight years ago when we first moved to Mattoon, I was a great sufferer from indigestion and constipation," writes Mrs. Robert Allison, Mattoon, Ill. "I had frequent headaches and dizzy spells, and there was a feeling like a heavy weight pressing on my stomach and chest. Every morsel of food distressed me. I could not rest at night and felt tired and worn out all the time. One bottle of Chamberlain's Tablets cured me and I have since felt like a different person."

DON'T BE FOOLED OR SIDE TRACKED.

The people, now as ever, want the best possible article for the least money. The Pictorial History of the Great World War has been in the making for nearly four years. It is interesting, fascinating, intensely human. The authors are thoroughly qualified authentic military writers, and the price is the very lowest consistent with the book. Place your order now to get early delivery. S. SHAFFER, Agent, Pineville, Ky.

A PLEASANT AFTERNOON

One afternoon last week, Mrs. Ben E. Parker was the very pleasantly surprised hostess of a neighborhood party.

Without preparing her for their coming the elderly ladies in the immediate vicinity called and in a few moments the younger women followed. According to arrangements the guests arrived before those bearing gifts who followed unannounced.

First came Mother Steele, bringing a beautiful cat-glass pitcher of delicious grape juice; then Mrs. Archer, holding aloft a lovely whipped cream cake. Next was Mrs. W. H. Detherage with a steaming pot of chocolate, and Mrs. A. G. Clark and Miss Nannie Anderson followed her with a huge tray of all sorts of delightful fruits, furnished by Mrs. H. B. Clark.

Lightheartedly protesting against Mrs. Parker's assistance, these kind friends served their surprised hostess and the gathering of happy women, and the afternoon sped away in a glow of joy and brightness.

Mrs. J. E. Archer was the speaker of the happy occasion, and Mrs. Parker replied to the toasts with a few well chosen grateful words of appreciation for their thoughtfulness of her, and presented each guest with a souvenir.

Those present were Mrs. B. C. Steele, Mrs. M. G. Hignite, Mrs. S. D. Wyatt, Mrs. H. B. Clark, Mrs. W. H. Detherage, Mrs. J. E. Archer, Mrs. J. W. Croley, Mrs. A. G. Clark, and Misses Nannie Anderson, Anna Stewart Archer and Marie Clark Croley.

WOMEN'S STUDY CLUB

Mrs. C. P. Kennedy was hostess to the Women's Study Club on Tuesday afternoon, January 21st. Eighteen members responded to roll call.

On motion of Mrs. Tye the club voted to accept and endorse the resolutions passed by the National Committee on the protection of Women under International Law, in response to a plea sent out by the National Council of French Women in behalf of the women and girls of that land who have been dishonored by German beasts, asking that these women be acclaimed as bearing honorable wounds which none may dispute or undervalue. American womanhood lifts its voice and demands that at the Peace Table justice shall be done to those whose wounds may not be healed.

On motion of Mrs. Rathfon the club voted that the President appoint a committee to confer with Mr. McDermott, County Chairman, of the National Defense, to arrange a Memorial Service in honor of the late Ex-President Roosevelt February 9th at the same time Congress holds service. The committee appointed was composed of Mrs. Tye, Mrs. Kennedy and Mrs. Mitchell.

The program for the afternoon was very interesting and splendidly given. Mrs. James Golden was chairman for the day.

The League of Nations—Shall America go in?—Mrs. Heldrick. Russia's Struggle Against Chaos—Mrs. McDermott.

Mrs. Martha Potter, of Bowling Green, and Miss Dora Sonnelly, of the University of Cincinnati, were guests of the club, having been sent out by the Federation of Women's Clubs to lecture on and demonstrate food values. This is the first of six lectures and demonstrations. The second lecture and demonstration will be given at the club's meeting the last of February. The Members of the Civic League are most cordially invited to attend these lectures and demonstrations.

After adjournment, the hostess served a delicious salad course.

To those who know and appreciate artistic photos, we invite your patronage.

J. C. Lay.

Chamberlain's Tablets.

When you are troubled with indigestion or constipation, take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the constipated condition.

HISTORY OF THE WAR.

A complete History of the Great World War and its corrao from the beginning to the end by Thomas Russell, A. M., LL. D., noted historical and Military writer, and J. Martin Miller, Military writer in Russo Japanese War, Spanish-American War, etc., told in a book of 600 large octavo pages and illustrated with over 100 pictures, including official photographs approved by the American, British, French and Italian Governments, besides numerous maps and portraits and battle scenes, a story graphically told in pictures. The book has a universal appeal and great educational values, and everyone wishes to secure a complete, adequate and reliable account of this the Greatest War in History. Price \$2.00 per copy in cloth binding and \$2.50 per copy in leather binding. Place your orders with S. Shaffer, Park Avenue, Pineville, Ky., solicitor for Knox and Bell Counties, for early delivery of the books.

TO CUT SHORT A COLD TAKE A CALOTAB

The New Calomel Tablet That is Entirely Purified of Nauseating and dangerous Qualities.

Of all the medicines in the world the doctors prize calomel most highly to break up a cold overnight or to cut short an attack of grippesore throat or a deep-seated cough and possibly to prevent pneumonia. Now that all of its unpleasant and dangerous qualities have been removed, the new kind of calomel called "Calotabs" is the doctor's ideal treatment for colds, etc.

One calotab on the tongue at bed time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, your work or your pleasures. Next morning your cold has vanished and your whole system is purified and refreshed. Calotabs is sold only in original sealed packages; price thirty-five cents. Your druggist recommends and guarantees Calotabs by refunding the price if you are not delighted.—adv.

NOT DUE TO SEX ALONE

Barbourville Women Have Learned The Cause of Many Mysterious Pains and Aches.

Many women have come to know that sex isn't the reason for all backaches, dizzy headaches and urinary disorders. Men have these troubles, too, and often they come from kidney weakness. To live simply, eat sparingly, take better care of one's self and to use Doan's Kidney Pills, is bound to help bad kidneys get better. There is no other remedy so well recommended by Barbourville people. Read this case:

Mrs. J. T. Beddow, N Main St., Barbourville, says: "I can recommend Doan's Kidney Pills from experience. My kidneys were weak and I suffered from nervous, dizzy headaches. I was run down and languid and the least work tired me out. The action of my kidneys was irregular, too. I bought Doan's Kidney Pills from the Costello Drug Co., and used them as directed. They helped me in every way, strengthening my kidneys and relieving the

dizzy spells and headaches. Price 50c. at all dealers. Simply ask for a kidney get Doan's Kidney Pills that Mrs. Beddow had. For more information, write to Doan Co., Mfgs., Buffalo, N. Y.

EXAMINATION QUESTION ON AGRICULTURE

The following letter was by County Superintendent from V. O. Gilbert, State Superintendent, concerning the Agricultural Bulletins and examination on Agriculture.

Frankfort, Ky., January 23, Sup't E. B. Hemphill, Barbourville, Kentucky. Dear Superintendent:

I have made arrangements the Agricultural Department University of Kentucky for the following bulletins No. 54 and 56 am getting out about 200 copies on Agriculture. These three will form the basis of the examination on Agriculture. All of your teachers right away. Very truly yours, V. O. GILBERT

Kentucky The Home of Attractive Women

Looking their Best all the Time is the Chief Business of the Blue Grass Belles.

The Secret of Their Beauty

It is health, robust health, that is responsible for the Kentucky girl's good looks. If she gets sick, she proceeds to get well. Possessed of health, she knows that personal charm and attractiveness need not worry. They are hers. That is the secret.

The story of Mrs. Mattie Hamilton, 817 Myrtle Avenue, Latonia, Kentucky, is typical. She says: "I have never in all my life, until recently, weighed over 102 pounds. Finally, I began to take Peruna. My weight now is 120. While I didn't really need it, I have started on the third bottle. Peruna has certainly done me a great deal of good and I recommend it to my friends. Several are taking it." It is surprising the amount of dependence placed by women everywhere upon Dr. Hartman's World Famous Peruna. For forty-five years it has been a household remedy for coughs, colds, catarrh and all catarrhal inflammation whether of the respiratory system, stomach or other organ or part of the body. The record of Peruna for nearly a half century is a startling one. Thousands have discovered and testified to its marvelous merit. Peruna is sold everywhere. May be purchased in either liquid or tablet form. Your dealer has it. Ask for Dr. Hartman's well-known Peruna Tonic. Do not accept a substitute or "something just as good." Insist upon Peruna. If you are sick and suffering from any cause whatever, write The Peruna Company, Dept. 76, Columbia, Mo. The book is free and help you. Ask your dealer for Peruna Almanac.
